

PRODUCT LINE CARD

Serving the Midwest with components, systems and solutions for Industrial Automation for more than 50 years!

www.skarda.com

HYDRAULICS & PNEUMATICS
ELECTRONIC CONTROLS & SYSTEMS
INDUSTRIAL & MOBILE POWER UNITS
REGENERATIVE BLOWERS & VACUUM PUMPS
HYDRAULIC FILTRATION SYSTEMS
ELECTRIC LINEAR & ROTARY ACTUATORS
ENGINEERING SERVICES & PROCESS CONTROL

Skarda Equipment Company Profile

Since our inception in 1969, Skarda Equipment Company has thrived on delivering exceptional technical customer service and partnering with leading manufacturers in the fluid power industry. Today, we are now part of Certified Power Solutions, a company with a long history of providing problem-solving solutions with excellent customer service.

By joining forces, we greatly expand our capabilities, including more engineering support, access to additional product lines and an expanded network of industry knowledge and support —ultimately, combining our two portfolios into one offering of electronic and fluid power components that provides automation solutions for industrial & mobile markets.

Two warehouse locations

1. Omaha, Nebraska – Corporate office 59,000 sq ft
 2. Wichita, Kansas – Branch office 3,500 sq ft
- Inventory approximately \$2,000,000.00

Industries served

- Aerospace
- Agriculture
- Automotive
- Bio-medical
- Construction Equipment
- Conveyors and Conveying Equipment
- Electronic
- Food
- Farm Machinery
- Meat Packing
- Metal Fabricating
- Paper
- Plastics
- Printing
- Specialty Machine Builders

Technical Sales Personnel

- 10 Certified Specialists – Outside Sales
- 3 Certified Specialists – Inside

Communication capabilities - 24 hour/7days

- Secure login website for order processing & real time account info
- Dedicated Sales Representatives
- Direct phone lines to sales and technical support
- Electronic Data Interchange (E.D.I.)

Automation and Motion Control Design Assistance

- Fabrication
- Start-up assistance
- Troubleshooting
- Complete system design and documentation – Autocad supported

Custom Packaging and Ordering

- Kit assemblies
- Bill of materials
- Customized items
- Special packaging

Inventory Contract Services

- Buyers guide
- Super stock
- Blanket orders
- Product identification

*Autocad drawings available from most manufacturers upon request.

What Makes Skarda Equipment Company Different?

- Technically trained sales force and management, 13 Fluid Power Specialists
- Systems solution capabilities, problem solving for electric, hydraulic and pneumatic systems
- Continuous improvement plan in place
- Management dedicated to carrying large inventory plus customized inventory programs for super stock and blanket orders
- Value-added services such as Controlled Motion Dynamics, Inc., custom assembly
- Dedicated toll free customer service phone numbers to designated "teams"
 - *Direct lines
 - Team One - csteam1@skarda.com or 1.800.677.4245
 - Team Two - csteam2@skarda.com or 1.800.677.6373
 - Team Three - csteam3@skarda.com or 1.800.677.5766
- Internet based trade program capabilities such as Exostar, Ariba, EDI, etc.
- E-commerce
- Over 50 years in business, we promise we will be here tomorrow
- Customized solutions
- Industry leading products within our product mix guaranteeing the right product for the application

REASONS TO CALL SKARDA FIRST:

TECHNICAL SUPPORT

Whether it's assisting you with a fluid power or motion control circuit design, specifying the correct component for your machine or replacing a routine maintenance item, technical support is our top priority. We have factory trained, experienced specialists in several areas of expertise. We also offer on-site training sessions which will keep you up to date on the latest automation products available. Ask your Territory Manager for details.

TOTAL AUTOMATION SYSTEMS

Rely on Controlled Motion Dynamics, Inc. for complete responsibility of your next automation or plant safety project. From initial concept discussions to installation start-up, we'll manage each step to ensure your project is a success. We offer plant safety solutions from hard guarding to light curtains, and can also provide installation of safety components per your specifications.

Ask for a free demo of our Safety Van today.

ON-TIME DELIVERY

We're committed to meeting your production requirements and keeping your facility up and running. We have two conveniently located stock locations with over 60,000 square feet of warehouse space to meet the requirements of local industry. Ask us about our SuperStock program, where we'll stock specific parts reserved for your use only.

CUSTOM SERVICE PROGRAMS

Our Custom Service Programs help you manage your stockroom, customize ordering and specify billing options to your specific needs:

- Secure login website for order processing & realtime account info
- Inventory analysis to eliminate redundancy and standardize your stockroom
- Custom packaging, part numbering and assembling to simplify purchasing and warehousing functions
- Flexible ordering via phone, fax, mail, e-commerce, credit card and E.D.I.

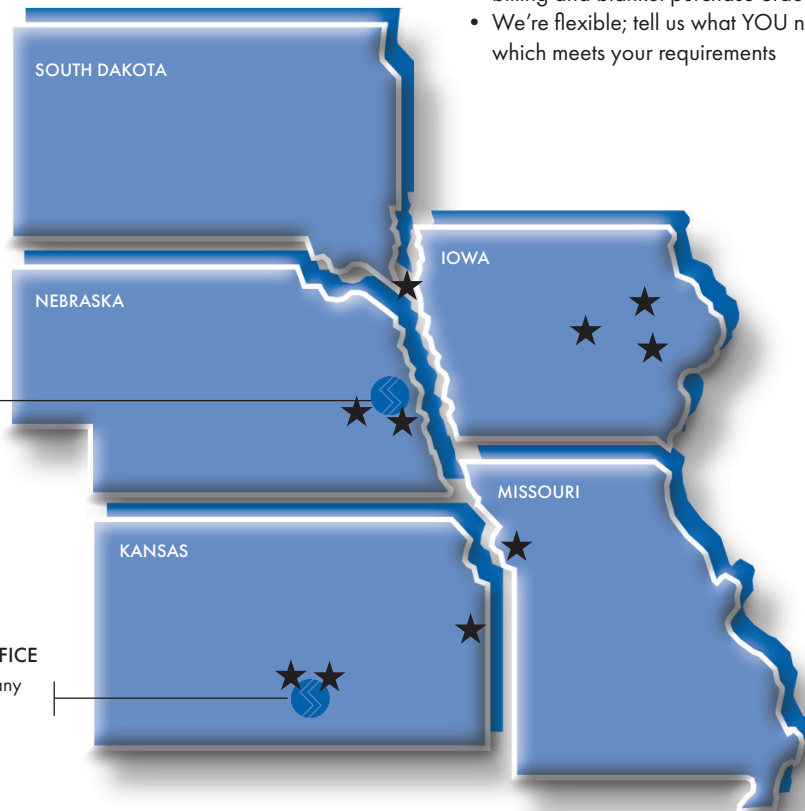

- Special billing programs for fixed contract pricing, once-a-month billing and blanket purchase ordering
- We're flexible; tell us what YOU need and we will design a program which meets your requirements
